VOL. 49—NO. 234 JACKSONVILLE, ILLINOIS, WEDNESDAY, MARCH 4, 1914. PRICE THREE CENTS

S. H. GREELEY ARRAINGS CHICAGO BOARD OF TRADE

TERMS IT A GIANT OF FICTITIOUS WHEAT TRANSACTIONS

Urges Federal Action Against an Alleged Monopoly Maintained by Public Warehousemen of Chicago and Other Market Centers.

Washington, March 3.—The Chicago board of trade was arraigned as a giant of fictitious wheat transactions and the weapon of a price-controlling monopoly today by Samuel H. Greeley who for more than twenty years was a member of the board.

Appearing before the house rules committee in behalf of several wheat growers' organizations of the northwest, Mr. Greeley urged federal action against an alleged monopoly maintained by the public warehousemen of Chicago and other market centers.

Through memberships on the Chicago board and control of the storage of grain, the warehouse "trust" eh declared, had built up an organization "which controls the wheat prices of the world more than any other agency except war scares and financial panic." The key to the situation was dealing in futures, where no delivery was intended he declared and in this business the Chicago board of trade outstripped the other markets of the world combined.

Evidence was submitted to the committee designed to show that the warehouse "trust" began business in 1887 and had steadily increased in power until today the Chicago board was "throttled and controlled by the public warehouse men."

Mr. Greeley read into the record a recent change in the rules by the board removing certain penalties prescribed against warehouse members. This, he said, was done at the order of the warehouse men's combination.

The committee had under consideration Representative Manahan's resolution to authorize an investigation of the charges that a monopoly existed in the grain exchanges in Chicago, Duluth and Minneapolis, founded upon the warehouse operations and futures trading. It was said that if the hearings bring out evidence to warrant the matter probably will be referred to the committee on agriculture with recommendations that it draft legislation to remedy the alleged evils.

POST OFFICE INSPECTORS ARE BAFFLED BY "INFERNAL MACHINE"

DECATUR, Ills., March 3.—Postoffice inspectors tonight admit they are baffled by the "infernal machine" mystery of Sullivan.

Mrs. Mennerich, widow of the man killed last Sunday by the explosion, stated today to a postoffice inspector that she did not believe that her husband committed suicide.

Another theory was advanced today that Mennerich was preparing the deadily machine to send to his wife because she would not return and live with him, when it exploded. No Decatur man has been found who knew either Mr. and Mrs. Mennerich. One man was mentioned but when questioned today proved his innocence.

Postoffice inspectors will remain here some time continuing on clews they have and hope to locate the man who made the machine.

ANTI-SALOON LEADERS FORECAST VICTORY IN MANY ILLINOIS CITIES

CHICAGO, March 3.—Anti-saloon leaders discussed the Illinois situation today at luncheon in a downtown hotel.

The plans of the league to drive the saloon from many townships and villages in the spring elections were reviewed and victory was forecast from the activity which women in all parts of the state are showing.

Among the speakers at the luncheon were Malcom R. Patterson, former governor of Tennessee, who declared: "The liquor dealers can plainly see the handwriting on the wall. My change to the temperance side came not more than ten years ago. When the prohibition bill in Tennessee was passed over my veto I began thinking."

HEIRS OF DEAD MILLIONAIRE SEARCH IN VAIN FOR WILL

CHICAGO, March 3.—Relatives of Henry Harms, an eccentric millionaire, who died Sunday leaving an estate valued at $1,800,000, today ransacked his resident for a will. They were unsuccessful. That a will exists is doubted by B. M. Short who handled Mr. Harms' legal affairs.

The direct heirs are Mrs. Anna Harms Schmitz of Niles Center, Ill., Mrs. Fred Schroeder of Dundee, Illinois, Mrs. Emma Harms Krueger of Victoria, Ill., and Mrs. Elizabeth Condon of St. John, Ore., daughters and Albert and Emil Harms, sons. Mr. Harms was a pioneer contractor in Chicago.

COMMUTES CONVICT'S SENTENCE

Springfield, Ills., March 3.—In recognition of good work done on the public highways, Governor Dunne today commuted the sentence of Charles Jarzanbroski to expire at once. Jarzanbroski was convicted March 19th, 1900 in the criminal court of Cook county of larceny and given an indeterminate sentence.

ZANG IS HELD TO GRAND JURY FOR KILLING OF "RED" SIMON

Spectators are Searched for Weapons By Police, Before Inquest is Opened—Prisoner is Held Without Bail.

St. Louis, Mo., March 3.—Henry Zang, who yesterday shot and killed Wesley "Red" Simon, three hours after the latter was put on trial for the murder of another gangster, today was bound over to the grand jury by the coroner's jury which heard Zang's own story of the shooting.

Before the inquest was opened each of the 350 spectators was searched for weapons by a squad of 25 policemen on hand to prevent repetition of yesterday's killing. Zang will be held without bail pending the action of the grand jury.

As each witness left the stand in the coroner's room today he was summoned to appear before the grand jury. Zang was the last witness. He was told he could make a statement or not, at his own discretion. He chose to make a statement under oath and then told in detail how he had been hounded by the gang for a year, of the many threats on his life and of Simon's move towards the hip pocket which led Zang to believe he was about to be killed and therefore led to his firing in self-defense.

PLEA FOR LOAN FOR COLORADO MINERS PRECIPITATES BATTLE

Effort is Made to Submit Question To a Referendum Vote of Illinois Mine Workers.

Peoria, Ills., March 3.—The plea for a loan of $150,000 to carry on the labor war in Colorado precipitated a battle at the convention of the Illinois mine workers today. The resolutions committee had recommended the immediate advance of this sum but at the time of adjournment an effort was being made to submit the question to a referendum vote.

Duncan McDonald, secretary of the state organiaztion in opposing the loan called attention to the action of the Illinois state board in loaning $100,000 to the Western Federation of Miners. He stated that this loan was for ninety days and up to the present no return of the money had been made although it was past due.

At morning session International Vice-president Hayes spoke for two hours on mining conditions in general over the country, referred to the Colorado situation and warned the union men against internal strife.

In referring to the failure of the Philadelphia conference to reach an agreement he said he believed the conference would soon be re-convened and an agreement reached. In case this plan failed he said the policy committee would meet and outline a program for the union and on that general basis the several districts, would be enabled to go ahead with their agreements with the operators in their local fields.

The $150,000 loan agreement will be considered again tomorrow.

UNIFORM METHODS OF FIGHTING HOG CHOLERA ARE ADOPTED

CHICAGO, March 3.—Uniform methods of fighting hog cholera were adopted today at a meeting here attended by A. D. Melvin, chief of the bureau of animal industry and officials from twenty six states. It was the opinion of authorative speakers that the disease was increasing.

"I fear we are passing through another period of increase of the disease," asserted President Raymond A. Pearson of the Iowa State Agricultural College. "Our effort now must be to control the disease. Eventually we must endeavor to radicate it but this will be years hence.

"Our success depends largely upon our ability to educate farmers to combat the disease and on co-operation between federal and state officials."

Resolutions were adopted declaring that farmers can safely administer cholera serum.

MRS. R. L. STEVENSON LEAVES ESTATE TO TWO CHILDREN

SANTA BARBARA, Cal., March 3.—Mrs. Robert Louis Stevenson's will disposing of an estate valued at $120,500, was filed for probate here today by Lloyd Osborne, her son. Under its terms, the estate goes to Mrs. Stevenson's daughter, Mrs. Isobel Strong with instructions to pay Lloyd Osborne $300 a month for life. Another provision of the will reads:

"To Katherine Durham Osborne, of incredible ferocity, who lived on my bounty for many years and at the same time following me with slander, I leave $5."

BABY ABANDONED ON TRAIN.

Tuscola, Ills., March 3.—A baby boy about a month old, healthy and nicely dressed, was found today in a closet on the Chicago and St. Louis train. The youngster had been carefully wrapped in a blanket and a bottle of milk was left with him.

The county officials here refused to receive the boy and he is being cared for by the wife of a railroad man.

WILL HOLD EXAMINATION.

Springfield, Ills., March 3.—A general examination under the direction of the state civil service commission will be held in Springfield, Chicago, East St. Louis and other points in the state next Saturday. The examination includes the positions of attendant, teacher, pathologist and others. A total of 123 candidates have registered.

NAMES COMMISSION TO PROBE BENTON'S DEATH

CARRANZA TAKES ACTION AFTER PROVISIONAL CABINET SESSION

Members Are Now on Their Way to Juarez—President Confers With British Ambassador and Sir Lionel Carden.

Nogales, March 3.—A commission to investigate the Benton case was appointed tonight by General Carranza. The decision was taken after a long session of the provisional cabinet. It was said that the death at Juarez of the British subject, W. S. Benton, had occupied practically all the attention of Carranza and his advisers.

The members of the commission are Ramon Fraustro, constitutionalist military attorney general; Miguel Silva, physician and ex-governor of the state of Michoacan; and Miguel Laraba, attorney and ex-governor of Hidalgo. These three men, it was explained, already are on their way to Juarez by way of El Paso, although they have not been advised of their mission there.

President Meets Sir Lionel.

Washington, March 3.—Great Britain's pronouncement through Sir Edward Grey that the United States was in no way responsible for the recent execution at Juarez of William S. Benton, a British subject and that the American government would not be asked to resort to farce as a result of the incident was the chief factor in the Mexican situation today.

President Wilson, in a conference tonight with Sir Cecil Spring-Rice, the British ambassador here, and Sir Lionel Carden, the British minister to Mexico, is understood to have sent his approval and appreciation of the friendly sentiment uttered by the British foreign secretary in the house of commons.

Tension which had been felt here over the killing of Benton arose largely because it was believed Great Britain might press the United States into taking drastic steps to secure reparation.

The British view that the United States is not obligated to demand reparation for Great Britain relieved this tension to some extent, although it is clear that the Benton incident has developed an intention on the part of the American government to more aggressive attitude toward the contending factions in Mexico. The entire situation was discussed at length by the president tonight in his conference with the two British diplomats. It was the first time the British ambassador had called on the president since the Benton execution, all his conferences on this matter having been with Secretary Bryan. He came primarily to introduce Sir Lionel Carden, whose intimate knowledge of the political and diplomatic situation in Mexico City enabled him to give the president first hand information on the conditions there.

White house officials said afterward the conference was for mutual information and that no plans had been suggested by Sir Lionel. His meeting with the president was most cordial. The president received his visitors in the private parlors of the white house. Later Secretary Bryan attended a dinner in honor of Sir Lionel given at the British embassy.

PROMISES TO GIVE COMMISSION CERTIFIED COPIES OF ENTRIES

WASHINGTON, D. C., March 3—Certified copies of entries on the books of the United States Steel corporation alleged to show the payment of enormous rebates by railroads on the corporation's ore shipments, were promised to the interstate commerce commission today when by William H. Green of Nebraska.

Green was testifying before Commissioner Harlan in the inquiry into alleged rebating authorized by the senate. He promised to have the copies on hand when the hearing is resumed tomorrow.

David Lamar of New York, from whom Green admitted getting much of the information, told the commissioners the steel corporation's books would show the payment of rebates and that the payments were made through dividends on the stock of the railroads "which was pure wind and water."

MOST OF MONEY TAKEN FROM EXPRESS AGENT IS RECOVERED

PEORIA, Ill., March 3—Five thousand, six hundred and thirty-five dollars of six thousand four hundred stolen from the Adams Express Company agent at Farmington on Feb. 17th., was recovered tonight in an outhouse thirty feet from the back door of the building where the robbery occurred. The money was found by a grocery clerk and was still intact in the original packages, the seals being unbroken. The packages were identified by C. A. Steenberg, who had consiged the money to the National Bank of the Republic by the Adams Express Company.

GRAND JURY BEGINS PROBE

New York, March 3.—Although all the papers embodying charges against John Burke the suspended chief of the commissary department of the Panama railroad, had not arrived today, the grand jury has begun its investigation into the case. The charges specify that Burke accepted commissions from companies from which he bought food and supplies for the railroad.

NEW YORK DIGS ITSELF PARTLY FROM UNDER BLANKET OF SNOW

Semblance of Normal Traffic is Maintained on Trunk Thoroughfares—Communication With Outside Points is Greatly Improved.

New York, March 3.—New York dug itself part way from under its deep blanket of snow and ice today and re-established something like normal communication with the outside world.

Within the city 16,000 snow shovellers, 2,500 extra teams, the entire equipment of the street cleaning department, millions of gallons of water for thawing and flushing, about six hours of sun shine and the co-operation of many citizens and the public service corporations made it possible to maintain on the trunk thoroughfares a semblance of normal traffic. Little however, could be done on the side streets.

Communication withoutside points was on a basis greatly improved over that of yesterday's prostration of means of transit. Except in a few cases the railroad tracks leading into the city were made available for regular use but trains during the day were still thirty minutes to five hours late. In this city such perishable food supplies as milk, butter, eggs, fresh vegetables and in some cases meat, were still in short supply, due to the disorganized train service and interrupted street traffic. The same conditions still hampered coal deliveries.

The eight sea-going barges and their crews which were reported as still in danger near Fire Island early today were tonight proceeding to their destinations, seven of the barges having been picked up by tugs and the eighth by the United States Revenue Cutter Ascushnet. No loss of life was reported.

Forecasts are Modified.

Washington, March 3.—Forecasts that today's spring-like sun shine would bring floods to the Ohio valley and other snow-covered sections of the country were modified tonight when the weather bureau announced in a special snowfall bulletin that the warm wave extending eastward from the middle west would not be sufficient to start a general thaw immediately. At eight o'clock Monday night there was from 4 to 10 inches more snow on the ground in New Jersey, the greater part of New York and in eastern Pennsylvania than at the same time last week.

COURT OVER-RULES MOTION TO TAKE ELLIS CASE FROM JURY

Arguments Will Be Begun Today and Case Is Expected to Reach Jury Thursday.

Chicago, March 3.—The last hope of William C. Ellis of having a verdict of not guilty directed in his behalf on the ground that he was insane when he killed his wife in a hotel here last October but sane now was lost today when the court overruled a motion of counsel for Ellis defense rested today immediately defense rested today im mediately after the introduction as evidence of a telegram from Mrs. Ellis to Fred C. Caldwell of Brantford, Ont.

Ellis took the court ruling as a matter of course. "I am willing that my case be decided by the twelve men selected," he said.

Physicians testified for the state today that Ellis could distinguish between right and wrong at the time he killed his wife, contradicting testimony for the defense that Ellis was insane when he committed the murder.

Arugments will be begun tomorrow and the case is expected to reach the jury Thursday.

CHARGES THAT FUEL COMPANY CONTROLS HUERFANO COUNTY

WALSENBURG, Colo., March 3.—That the Colorado Fuel & Iron company controls Huerfano county was charged at the first hearing here before the congressional committee investigating the coal miners' strike.

Major C. H. Coan, a pioneer lawyer and farmer, also referred to this county as "the kingdom of Sheriff Jeff Farr."

The United Mine Workers through their witnesses made every effort to focus the attention of the committee on the charge of political interference by coal operators.

When Malley Ball, his head swathed in bandages, too the stand to testify that a deputy sheriff broke his jaw, the county records were called for in an effort to show that deputy sheriffs sat on the jury which acquitted Ball's assailant.

ILLINOIS FARMERS' INSTITUTE TO MEET NEXT IN HARRISBURG

SPRINGFIELD, Ills., March 3.—Harrisburg was today selected by the Illinois Farmers' Institute as the place for the next annual meeting. The present officers were re-elected as follows:

President—A. N. Abbott, Morrison.

Vice-president—H. E. Young, Chicago.

Secretary — H. A. McKeene, Springfield.

Treasurer—J. P. Mason, Elgin.

Auditor—Frank I. Mann, Gilman.

TRAFFIC MEN ORGANIZE.

Clinton, Iowa, March 3.—Traffic men of upper Mississippi river cities today formed an organiatzion here to obtain united action on questions involving freight rates. A committee was appointed to appear before the inter-state commerce commission at Washington next week and argue for an equilization of freight tariffs in central western states.

WASHINGTON HONORS COLONEL GOETHALS

BUILDER OF PANAMA CANAL IS GIVEN SPECIAL GOLD MEDAL

Army Engineer is Guest of Honor at Annual Banquet of National Geographic Society—Many Notables are In Attendance.

Washington, D. C., March 3—Washington paid tribute tonight to Colonel George Washington Goethals, builder of the Panama Canal. The occasion was the annual banquet of the National Geographic Society with Colonel Goethals, present as the guest of honor to receive from the hand of President Wilson a special gold medal awarded him by the society in recognition of his wonderful achievement.

Secretary Bryan of the state department, was toastmaster and gathered about the banquet table with the distinguished scientists of the society were President Wilson and his cabinet, Justices of the supreme court, members of the diplomatic corps, high officers of the army and navy, leaders in both houses of congress and other notable figures in the life of the national capital.

During the evening Jules L. Jusserand, the French Ambassador, and dean of the diplomatic corps, was formally notified of his election to honorary membership in the society.

Dinner Service Is Unique.

At one end of the banquet hall raised high above the table the words: "Atlantic-Goethals-Pacific," blazed in brilliant electric letters. Ice cream was served the diners from miniature dredges carried by waiters, dressed in the uniform of the United States engineer corps and followed by sailors bearing a tiny battleship. Individual dishes of cream molded in the shape of the Panama canal dumped car. The medal awarded Col. Goethals was of heavy Roman gold. It was given as an expression of the appreciation of the society and the nation of the army engineer's distinguished service. Its presentation was the final act of President Wilson's first administration year.

Presenting the medal President Wilson said: "I am here to do what I suppose is an unusual thing for a society of this sort. It generally confers its honors upon those who have disclosed geographpy rather than upon those who have altered it. It is a sort of advertiser and custodian of the globe, but it is now about to honor a gentleman who has had the audacity to change the globe. The engineering profession is one of the few creative professions.

Is Greatest Living Engineer.

"We have, therefore, to honor tonight the greatest living reprpesentative of this extraordinary profession. It seems to me to be natural, if I may say so, with apologies to some of our friends present, that the greatest engineer should come from the United States.

"I take for granted that we do not tonight forget that the distinguished group of men who have been associated with Colonel Goethals that gallant and devoted soldier who gave his very life to see that this great work was done at Culebra cut; that man who made so much of this work possible; Colonel Seibert, who built the walls of Gatun dam and created Gatun Lake, makholder as if nature had done the work over which he himself presided, and Colonel Hughes, who made the locks and the machinery by which those great things are administered.

"So I esteem it as a real privilege acting on behalf of this society to present to you, Colonel Goethals, this very beautiful medal. It is made of mere gold and gold is of no consequence in this connection, but it speaks in the most precious metal we know, the gratitude and the admiration of the world."

DECIDE FEMALE POLICE ARE A FAILURE IN HANDLING WOMEN

CHICAGO, March 3.—Policewomen were decided here today to be a failure when it comes to handling disorderly persons of their own sex. It was simply a matter of lack of physical strength on the part of the women police, coupled with the inordinate curosity their presence caused, according to Chief of Police Gleason who today removed the women police who have been attempting to handle the waitresses' boycott of a downtown restaurant.

In replacing the police women by men Gleason said that the presence of the women officers drew such a crowd as to create a dangerous condition. It also has developed that women will resist strenuously being arrested by a sister in uniform.

MEETS SISTER AFTER LONG SEPARATION

Ottawa, Ills., March 3.—Sylvester Martin of Pennsylvania, here on business today, met his sister, Mrs. Matilda Galbraith, whom he had not seen for twenty seven years. Martin ran away from home in Peoria, Ills., when a boy and had not heard from any of his family since that time.

PROMISES TOTAL ABSTINENCE.

San Francisco, Cal., March 3.—If Walter McCreary, millionaire, is restored to competency—and Judge Graham strongly indicated today in the superior court that such was his intention, he promised the court never to take another drink. He has not touched liquor, he said, for two years.

C. W. POST RACING FOR ROCHESTER, MINN., TO UNDERGO OPERATION

Condition is Critical and Physicians Doubtful That He Can Survive Trip—Is a Relative of Charles H. Ward of This City.

Los Angeles, Cal., March 3.—In a race with death C. W. Post, millionaire and manufacturer of Battle Creek, Mich., passed through here late today in a special train bound for Rochester, Minn., for an immediate major surgical operation. He was accompanied by Mrs. Post and a physician who attended him at his winter home in Santa Barbara. Mr. Post arrived at Santa Barbara a month ago broken in health. His condition grew worse and today attending physicians declared his only hope lay in an immediate operation. Doubt was expressed however, that he could survive the trip to Rochester.

Mr. Post is a former resident of Springfield, Ill., and is a relative of Charles H. Ward of this city. Jacksonville residents will remember that he visited this city two years ago while on an automobile tour.

TEND TO SHOW THAT SUGAR CO., REGULATED WHOLESALE PRICES

Grocer Tells of "Equality Plan" by Which all Wholesalers Sold Sugar at Standard Prices.

St. Louis, Mo., March 3.—A letter from the late H. O. Havemeyer, president of the American Sugar Refining Company to W. E. Schweppe, former president of the Wholesale Grocers' association of Missouri, was introduced in the hearing here today of the government suit to dissolve the American Sugar Refining company, in order to prove that wholesalers were "factors" of the sugar company and that their prices were regulated by the latter.

George A. Roth, a wholesale grocer of St. Louis, testified that he bought sugar in competition between the so-called trust and independent refiners. On cross-examination he told of an "equality plan" by which all wholesalers sold sugar at standard prices.

Joseph W. Goodwin, attorney for the American Sugar Refining Company tonight explained the reference to trade discounts in Mr. Havemeyer's letter. Under the plan proposed in the letter, Mr. Goodwin said the only deductions allowed were one per cent for cash and a discount of one eighth cent per pound from the list price of sugar.

FINDS GEORGE'S ACTIONS WERE IN THE HIGHEST DEGREE IMPROPER

Report Condemns Actions of Founder and Former Head of the George Junior Republic.

New York, March 3—That the actions of William R. George, founder and former head of the George Junior Republic, toward girl citizens in his charge, had been deliberate and in the highest degree improper, is the declaration of the formal report made public tonight by the three judges who passed upon the accusation. The report was issued through Lyman B. Stowe, secretary of the joint investigating committee. It was at first intimated that the judges had rendered a decision acquiting George. The report, however, after condemning the actions of the Junior Republic founder states:

"But we find that in each case this conduct was without criminal intent or any other purpose or desire to injure or abuse the parties mentioned."

According to Mr. Stowe the verdict is based on printed testimony entirely. No witnesses were examined.

DENIES TO ADMIT PRIORITY OF THE AUSTRIAN EXPEDITION

London, March 3—Sir Ernest Shackleton, the Antarctic explorer, declines either to admit priority for the Austrian Antarctic expedition or to give up his plan to use Wedell Sea as a base on his proposed trip across the south polar continent.

In a letter to Dr. Felix Koenig, commander of the Austrian expedition which will start for the antarctic in June, the British leader declines to alter plans which he claims were long since made and also refuses to co-operate with the Austrians, except regarding meteorological or magnetic observations.

Shackleton in an interview today refused to believe there was any occasion for fear, said to have been expressed in Vienna, or of a physical collision between the two expeditions.

PRESIDENT TO ADDRESS CONGRESS THURSDAY

WILL ADVOCATE REPEAL OF CANAL TOLLS EXEMPTION ACT

Holds That National Honor is at Stake—Message Will Open Fight on Panama Tolls Question in Earnest—Confident Act Will Be Repealed.

Washington, March 3.—President Wilson will personally address a joint session of congress Thursday advocating the repeal of the clause in the Panma canal act which exempts American coast-wise shipping from the payment of tolls.

White house officials tonight arranged with the majority leaders in both houses for a joint session at 12:30 p. m., Thursday. The president has prepared a brief address in which he sets forth his opinion that congress should reverse itself and keep the obligations of the Hay-Pauncefote treaty, which he believes were violated by the Panama canal act.

The president holds that the national honor of the American people is at stake and that European nations should not be allowed to get the impression that treaties made by the American government are not adhered to both in letter and spirit. The exemption clause, he points out, was passed on the assumption that while the Hay-Pauncefote treaty guaranteed equal treatment to all nations in the matter of tolls, the document was to be interpreted as meaning all nations except the United States. The president believes there should be no debatable ground on treaties once made and believes the United States is in honor bound to keep the spirit of the Hay-Pauncefote treaty.

Originally Mr. Wilson had not intended to deliver a message on this subject. He had conferred with senators and members of the house and sentiment in favor of the repeal appeared to him to be strong.

Some of the leaders, however, were of the opinion that the international phases of the situation should be emphasized in a communication from the president to congress to impress upon those who had voted for the exemption previously the necessity of changing their votes regardless of domestic questions involved.

The message to congress will open the fight on Panama tolls question in earnest. Senator O'Gorman, chairman of the inter-oceanic canals committee is expected to oppose the president's view. Lately it has been said that a majority of the committee would favor a repeal. The white house is confident that in both houses of congress the repeal will be passed, Republicans joining Democrats in making the change.

MAC NAUGHTON DENOUNCES THE WESTERN FEDERATION OF MINERS

Declares He Will Permit no One to Arbitrate Between his Loyal Employes And the Striking Unionists.

Houghton, Mich., March 3—James MacNaughton, general manager of the Calumet and Hecla Mining Company and its subsidiaries denounced the Western Federation of Miners and its principles today before the congressional committee investigating the copper strike and declared he would permit no one to arbitrate between his loyal employes and the striking unionists.

Chairman Taylor asked MacNaughton if it was his position that the companies would not let the governor of Michigan or the president of the United States or any other high minded person attempt to settle the trouble.

"I personally will not agree," said MacNaughton, "to allow any person to arbitrate a question between 4,700 employes who are faithful and loyal and 240 employes who are on strike. As to conditions they would impose on the men now at work, I think it would be outrageous and unjustifiable."

MacNaughton said his attitude did not indicate lack of confidence in the officials named, but "I know this is my pocket book and I am not going to allow you or others to arbitrate to decide whose pocket book it is."

Congressman Casey asked if the surrender of membership in the Socialist party was a condition of re-employment. MacNaughton said it was not as he was something of a Socialist himself, although not a "militant."

CHICAGO INHERITANCE TAX ASSESSMENTS TOTAL LARGE SUM

Chicago, March 3.—Inheritance taxes aggregating $1,548,892 were assessed against 557 Chicago estates during the year ending with February, it was reported today by Thomas J. Young, assistant attorney general, this amount, according to Mr. Young is larger than the total inheritance tax collected for the entire state in any previous year.

Among the lare estates appraised during the year and the taxes paid, were: Edward M. Morris, $14,759; Mary T. Liter, $20,111; Edward A. Drummond, $20,322; Arthur T. Barnhart, $33,663; Clarence Buckingham, $39,585.

With the season's playing over before the two preliminary tournaments in Decatur and Peoria, Augustana heads list of games won and lost, having annexed seven and lost one. Illinois college is sixth in the list with a percentage of .625. Coach Harmon has had his men in hard practice all this week in anticipation of the tournament in Decatur where Illinois plays. The schedule will be as follows:

Friday, March 6.

1.—2:30 p. m. Charleston Normal vs. Illinois college.

2.—2:30 p. m. McKendrie vs. Shurtleff.

3.—7:30 p. m. Millikin vs. Wesleyan.

4.—8:30 p. m. Loses of game 1 vs. loses of game 2.

Saturday, March 7.

5.—2:30 p. m. Winner of game 1 vs. winner of game 2.

6.—3:30 p. m. Lincoln vs. winner of game 3.

7.—4:30 p. m. Winner of game 4 vs. loser of game 3.

8.—7:30 p. m. Loser of game 5 vs. loser of game 6.

9.—8:30 p. m. Winner of game 5 vs. winner of game 6.

10.—9:30 p. m. Winner of game 7 vs. wonner of game 8.

Officials.

The winner of game nine gets first place in the tournament and the loser gets second. The winner of game ten gets third place and the loser, fourth. The first four teams go to the finals to be played in Bloomington on March 13 and 14.

The officials for the tournament are Maurice Dadant and Ralph Jones of the University of Illinois.

It will be noticed that Illinois college is to play the opened with Charleston Normal as an opponent. Unless the unexpected happens Illinois will have no trouble in downink Charleston. Millinkin and Wesleyan look strong for the honors in the southern division.

Dopists in Decatur are figuring on Millikin being first, Wesleyan second with Illinois college third and Lincoln in fourth place, and in the northern tournament, Normal first, with Bradley second, Augustana third and Hedding, Lombard and Shurtleff having a hard race for fourth place.

New Plan for Tourney.

It is possible that a new plan will be put in effect at the coming college tournament. The Pantagraph in speaking of the subject says: "There has always been a question raised by college coaches as to the best way in which to place the teams in making up the schedule. Inquiries have been coming to Director Eyer's office for some time past and a plan of assigning teams instead of drawing for places has been suggested. It would thus enable a team to know definitely where they will be placed in the finals.

For example in the state meet to be held in Bloomington the middle of March, it is suggested that the first game will be played between the team that finished first in the narthern division tournament at Peoria and the one that finished fourth in the southern division tournament at Decatur. The second game would be played between the team finishing second in the northern division and the one finishing third in the southern division. The third game would be be between the team finishing third in the northern division and the team ranking second in the southern division. The fourth game would be played between the fourth team of the northern division and the first team of the southern division. Four letters of approval have thus far been received by Director Eyer. If all of the coaches approve, the plan will be followed, for it is believed it will give better satisfaction to all concerned

Tourney at Peoria.

Bradley is making ample preparations for the tourney to be held there. Bradley suffered two disastrious defeats last week at the hands of Millikin and Normal. It is thought the Bradley men were over trained.

The schedule for the first day is as follows:

Friday 3—Eureka vs. William and Vashti.

Friday 4—Hedding vs. Lombard.

Friday 7:30—Augustana vs. Bradley.

Friday 8:30—Normal vs. Carthage.

JUSTICE COURTS.

George C. Parks was fined $10.35 in Squire Henderson's court Tuesday. He was arrested on a harge of interfering with an officer on complaint of Constable McCarthy and the charge was later changed to assault.

LEE P. ALLCOTT SHOWS EIG RECORD FOR VINOL SALES

Has Handled Seven Thousand Bottles From the Manufacturers Besides Shipments From Jobbers—A Well Managed Store.

In the north window of the L. P. Allcott drug store, there is a display of Vinol advertising and it serves as a sort of framework for an open letter surrounded by tables of figures showing the extensive sales of Vinol made by the store during the years from 1902 to 1913 inclusive. During that period Mr. Allcott sold 7,000 bottles of the now famous tonic and this represents shipments made by the manufacturers, Chester, Kent & Co., only and does not include a great many gross obtained from St. Louis jobbers during the period. One year the Allcott store sold more Vinol than any other in Illinois outside of Chicago and for all the years the sales were among the largest in the state. Vinol is claimed to be a strength and body builder, a tonic which gives permanent benefit and those who use it consistently are said to receive permanent benefits. Users of Vinol advertise it and the tonic thereby has wider use year by year.

Vinol is by no means the only remedy that the Allcott store handles and an extensive and satisfactory business is done there in all the lines of a well ordered pharmacy.

Garland & Co. are showing all the new blocks in hats for spring.

SOCIAL EVENTS.

The monthly meeting of the teachers of Grace M. E. church will be held tonight at 6 o'clock in the church parlors when a luncheon will be served. The program will be concluded in time for the regular mid-week prayer service.

A reception was given Tuesday afternoon by Mrs. L. W. Chambers and Miss Marie Chambers, at their home on West State street for Mrs. Walter S. Kennedy of Albion, Mich. The hostesses were assisted in entertaining by Mrs. H. H. Bancroft, Mrs. J. O. Vosseller, Mrs. Howard French, Mrs. C. H. Rammelkamp, Mrs. E. E. Crabtree, Mrs. C. H. Russell, Mrs. B. S. Gailey, Mrs. Lloyd Brown, Mrs. William Barr Brown, Jr., Mrs. Walter Ayers, Mrs. Edward Brown, Mrs. L. O. Vaught, Mrs. Walter Bradish, Mrs. Helen Jordan, Mrs. E. P. Kirby, Mrs. A. B. Morey, Miss Bess Smith, Miss Ethel Wylder, Miss Margaret Brown, Miss Louise Capps.

The hours were from three till six and a large company of friends enjoyed the hospitality of the Chambers home. Kilarney roses and freesia were used in the decorations, and a suitabe collation was served, Hood & Larson catering. The out of town guests included Mrs. Cullimore of St. Louis, Miss Mary and Elizabeth Smith of Island Grove.

The Woman's Foreign Missionary Society of the Grace M. E. church met yesterday with Mrs. J. N. Conover on Webster avenue. Miss Elizabeth Groves was the assistant hostess. Mrs. Hearn read a paper on "Japan and Korea," Miss Alice Wadsworth on "Important Facts Conerning Japan" and Miss Sue Fox gave a reading entitled "The Heathen Woman's Prayer." The program was followed by a social hour and the serving of refreshments.

The L. O. P. H. club, composed of young ladies held a meeting last night with Miss Ethel Mann, when a most enjoyable evening was spent.

Garland & Co., will be pleased to show you the new spring head gear.

APPEAL FOR LIBERALITY.

Washington, D. C., March 3—A vigorous appeal for liberality on the part of the Federal government in aiding the American farmer to meet the nation's increasing demands for food was made today by representative Lever of South Carolina, opening the house debate on the agricultural approprpiation bill which carries about $19,000,000.

The measure was before the house all day and the debate will be resumed Thursday.

BEST LAXATIVE FOR BOWELS—"CASCARETS"

They Clean Liver, Sweeten Stomach, End Sick Headache, Bad Breath, Indigestion, Constipation.

Get at 10-cent box.

Are you keeping your bowels, liver, and stomach clean, pure and fresh with Cascarets, or merely forcing a passageway every few days with Salts, Cathartic Pills, Castor Oil or Purgative Waters?

Stop having a bowel wash-day. Let Cascarets thoroughly cleanse and regulate the stomach, remove the sour and fermenting food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken or cause any inconvenience, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Coated Tongue, Indigestion, Sour Stomach or Constipated Bowels. Cascarets belong in every household. Children just love to take them.

PREPARED FOR LENT

Whether actuated by religious conviction or motives of health, it is a wise dispensation that calls for a period of abstinence from meats.

In days agone, the Lenten season may have been one of real deprivation, but now a wealth of Sea Foods is at our command in forms so varied and appetizing, that a change of diet is as welcome as it is refreshing, healthful, nourishing and rejuvenating.

In economy, too, these abundant foods from Oceans, Lakes, and Rivers afford every good reason for encouragement in reducing cost of living.

To this beautiful choice of FISH FOOD, modern conservative methods have provided:

VEGETABLES as fresh, sweet and succulent as if the garden dews were still upon them—

FRUITS of every luscious kind with their rich, ripe flavors preserved in glass and tin—and

CEREALS in a bewildering variety of tasty preperations that upbuild brain, bone and brawn.

With this abundance to choose from, well may one exclaim, Abstinence, where is thy rigor.

O, LENT, where is thy sting?

Let Us Also be Your Druggist.

WOOD'S GRAIN SOFTENER

We will put one on your farm with a man to run it for what it proves to save you on your stock over any other way of feeding. When you think it saves too much, you can buy. When we find you can beat us feeding we will adopt your plan and quit making these propositions. We will feed one-third ground alfalfa or clover, mixed with two-thirds shelled corn softened until double in bulk and give the syrup mixed with ground oats as a slop feed.

BROTHER OF MRS. F. C. TAYLOR DIES AT PENNSYLVANIA HOME

Henry Cordes of Millersburg Passes Away After Brief Illness—Had Notable Record in Civil War—Other Relatives Here.

Henry Cordes, brother of Mrs. F. C. Taylor of this city, died at his home in Millersburg, Pa., after a brief illness Tuesday morning according to a telegram received by his sister shortly after he passed away. Mr. Cordes was 75 years old and had hardly known a day of sickness until the attack of pneumonia which caused his death. He leaves a nephew and two nieces in Jacksonville, Milton M. Cordes, Mrs. Harry Johnson and Mrs. L. H. Whitlock.

Mr. Cordes was born in the village of Stoutal, Germany, and came to the United States in 1858. He settled in Philadelphia but left his home when Lincoln made the first call for volunteers and joined the Union Army. At the end of three months he enlisted for three years and reentered the service again for a three year term, serving until the end of the war. He saw service under Sherman at Atlanta and was in many of the hardest battles of the War of the Rebellion, losing his right arm at the battle of Jonesboro. At the end of the war he resided in Marysvills, Pa., for a short time, removing thence to his late home in Millersburg.

A peculiar circumstances attended the loss of his arm at the battle of Jonesboro. Mr. Cordes' comrade, who stood beside him was hit at the same moment by a ball which took away his left arm and each of the men saw the other fall. At a national encampment of the G. A. R. many years ago after the battle the comrades who had thought each other dead met unexpectedly and were overjoyed to find their fears unfounded.

Mr. Cordes became a telegrapher after the war and secured a position with the Pennsylvania Railroad Co., through the influence of Congressman Simon Cameron. He was an employe of the road for forty-five years in all and was retired from service three years ago on a pension He stood high in the regard of his employers and was esteemed by his neighbors and friends for his honesty and likable disposition. He was a member of the German Lutheran church and was at all times a consistent Christian. He is survived by his wife and two children, Ray Cordes and Mrs. Florence Jury, all of Millersburg and two sisters, Mrs. Hettie C. Taylor of Jacksonville and Mrs. Margaret Dobson of Westport, Wash.

The funeral will be held Saturday but on account of the poor health of Mrs. Taylor she will find it impossible to attend.

WILL MEET HAVANA FRIDAY.

Friday evening at Liberty Hall the Havana High school team will play a return game with Routt College High of this city. The local team went to Havana some weeks ago and were defeated by a large score, attributing Havana's victory to the fact that the floor there is much smaller than the local floor.

The game here Friday will no doubt be a hotly contested one and will be next to the last game of the season for the locals. Havana will bring Dixon, center; Sullivan, r. g.; Knisley, l. g.; Asbill, r. f., and Spink, l. f., the last named being the star man of the aggregation.

BIDS ARE ASKED.

The board of education of the city of Jaksonville desires sealed bids for supplying the public schools with two lathes, two saws, one grind stone, for use in the manual training department; also for electrical equipment, both alternating and direct current. Specification for the same are on file in this office. Bids will be received until 12 o'clock noon, Monday, March 9th, the board reserving the right to reject any or all.

COURT TAKES UP WAKEFIELD CASE.

New Haven, Conn., March 2.—The seate supreme court met here today to hear arguments on the appeal for a new trial in the case of Mrs. Bessie Wakefield, who is confined in the stateprison at Wethersfield under sentence of death for the murder of her husband. James fined in the state prison at Wethers- and whose testimony that the wife was an accomplice led to her conviction, is to be executed at the Wethersfield prison tomorrow. Plew made no appeal for a new trial.

William Wakefield, the victim of the murder, was slain in the Cheshire woods last June. According to the confession of Plew he and Mrs. Wakefield had formed the plan to get rid of the woman's husband so that they could marry. In accordance with this plan Plew attempted the murder at the Wakefiled home on June 22, but was unsuccessful. He then induced his intended victim, whom he had partially drugged to go walking with him, finally leading him to an unfrequented spot in the woods, where he shot and stabbed him to death and then tied some shoe strings about his neck and to a stump to give the indication of suicide.

MARTHA WASHINGTON CANDIES

The very best and highest quality of candy making materials without adulteration enter into the making of these famous candies. This is all hand moulded and dipped into these pure, wholesome and refreshing confections that have become famous throughout the length and breadth of the land.

Martha Washington candies are different from Candies most folks know. The methods and formulas of the regular factory have no place here. The commercial spirit that prevails where things are made on a large scale is foreign to the thoughts of this quaint place. The Candies are simple and wholesome. Every box made up is of importance and has had individual attention. The home-made feature Martha Waington Candies everywhere prevails. This is true of even the way the candies are packed. There is none of the gaudiness of the shop but just a simple beauty about the box that gives one a sense that it contains something of real worth.

PRESENT ALL PHASES OF SUFFRAGE QUESTION TO HOUSE COMMITTEE

Two New York Women Lawyers Warn Committee of Wrath to be Visited Upon Party Unless Amendment is Given Favorable Consideration.

Washington, D. C., March3—All phases of the woman suffrage question were presented to the house judiciary committee today, accompanied by cheers, jeers, hisses and applause.

Deserting sentimental phases of the suffrage argument, Mrs. Crystal Eastman Benedict and Mrs. Mary Beard, New York lawyers, threw down the gauntlet to the Democratic party in no uncertain terms, warning the committee that the political wrath of the four million women in suffrage states would be visited upon the party, unless favorable consideration was given the constitutional amendment for woman suffrage.

Anti-suffragists told the committee that woman suffrage would be harmful "not only to women but to the country" and at the conclusion of the hearings Dr. Mary Walker, presented to the committee what she called the "crowning constitutional argument" to show that women already have the right to vote under the constitution.

The suffragists who appeared before the committee were divided. Mrs. Antoinette Funk, Mrs. Medill McCormick and Mrs. William Kent, representing the National Woman Suffrage Association, urged that if the committee would not report the proposed amendment, it report an amendment to allow the suffrage question to be decided by referendum in the various states, instead of by the legislatures. Mrs. Benedict, Mrs. Beard, Mrs. Evans of Boston and Dr. Cora Smith King for the congressional union, declared that the time had come to take the suffrage question one of political expediency.

Mrs. William Arthur Dodge, president of the National Association, opposed to woman suffrage, led the opposition.

Senator Bryan of Florida made the first extended speech against the amendment. He contended first of all that the states should be allowed to deal with the question saying that California had no more right to say whether the negro women of Florida should vote, than Florida had to say the Japanese should vote in California.

WAIVES EXTRADITION.

Hot Springs, Ark., March 3—Alonzo J. Whitman, said to have been at one time a member of the Minnesota legislature, but more recently an inmate of the Auburn, N. Y., prison, who was arrested here today on a charge of swindling Mrs. Sarah Conger of Zion City, Ill., of $2,500, waived extradition and tonight started under a guard for Illinios. He asserts Mrs. Conger gave him a draft for the amount it is charged he secured unlawfully and asked him to invest it for her.

CARDINAL KOPP IS DEAD.

Breslau, Germany, March 4.—Cardinal George Kopp, died early this morning at Trophau, Austrian Silesia. Mengingitis was the cause of death. The prelate who was in his seventy seventh year, was the highest dignitary of the Roman Catholic church in Germany.

INDIAN LECTURER DIES.

Boston, March 3.—News reached here today of the death in Idia of Baba Premanuud Bharti, who lectured here and in other parts of the country two years ago in behalf of international peace.

FIGHT TO A DRAW.

Kansas City, March 3.—Jim Flynn of Pueblo and Jack Dillon of Indianapolis, fought ten fast rounds here tonight at the end of which the referee declared the bout a draw.

New York, March 3.—Battling Levinsky of Philadelphia defeated Fred McKay of Winnipeg by a wide margin in their ten round bout in Brooklyn tonight.

I. C. DRAMATIC CLUB PRESENTS SHAKESPEARE'S "AS YOU LIKE IT"

Students Are Heard In Excellent Presentation of Well Known Comedy—The Patronesses of the Play.

The presentation of "As You Like It," by the Illinois College Dramatic club Tuesday evening at the Grand Opera House was, according to those who have known the work of the organization heretofore, the best by far of the three appearances of the club in Shakespearian repertoire. Not only did each of the twenty-two students participating have his part well in hand but the scenery and costumes a lso were aranged and selected with artistic discrimination.

While individual mention of each character would not be feasible, to performer, it must be said, failed to uphold the high standard of the presentation because his part was a minor one. The cast have had the play in preparation for considerable time and under the direction of Prof. Ames and Miss Eleanor Capps had worked up the production to a high degree of excellence in every detail. In the dual role of Touchstone and Jacques, Henry Holland Caldwell showed a degree of dramatic proficiency remarkable for one outside of professional circles. Miss Dorothy Worthington played the part of Rosalind especially well as besides her natural ability she had had previous experience in the same role when the Oak Park high school which she attended last year, staged the same play. Earl Harmon as Oliver, fit his part well as did Edward Bullard as Orlando, the banished son of Sir Rowland de Bois. Of especial merit also was the part of Celia, daughter of Frederick, as played by Miss Clara Lane.

The cast follows:

Duke, living in banishment—Mr. Owen Jones.

Lords attending on the banisht Duke:

Amiens—Mr. William Kirby.

Jaques—Mr. Henry Caldwell.

LeBeau, a courtier attending on Frederick—Mr. Edward Alexander.

Frederick, the usurping Duke—Mr. Owen Jones.

Charles, wrestler to Frederick—Mr. Ernest Alford.

Sons of Sir Rowland de Bois:

Oliver—Mr. Earl Harmon.

Jaques—Mr. Edward Alexander.

Orlando—Mr. Edward Bullard.

Adam, servant to Oliver—Mr. Thomas Mangner.

Touchstone, a clown—Mr. Henry Caldwell.

Shepherds:

Corin—Mr. Chester Colton.

Sylvius—Mr. Durrell Hatfield.

William, a country fellow—Mr. Roy Newberry.

Rosalind, daughter of the banished Duke—Miss Dorothy Worthington.

Celia, daughter to Frederick—Miss Clara Lane.

Phoebe, a sheperdess—Miss Catherine Capps.

Audrey, a country wench—Miss Louise Doocy.

Attendants upon Frederick and the banished Duke—Messrs. Land, Whisler, Cain, Dugger, Reagel.

The officers of the Illinois College Dramatic club are:

Financial manager—Mr. Robbins Russel.

Manager of stage—Mr. J. G. Ames.

Master of properties—Mr. R. H. Tanner.

Mistress of the wardrobe—Miss Eleanor Capps.

Assistant manager—Mr. Edward Alexander.

The Patronesses.

The patronesses of the club in their presentation of "As You Like It" were: Mrs. A. L. Adams, Mrs. P. F. Alexander, Mrs. J. G. Ames, Mrs. Walter Ayers, Mrs. C. E. Black, Mrs. W. C. Bradish, Mrs. H. B. Brady, Mrs. Edward Bowe, Mrs. E. P. Brockhouse, Mrs. Alden Brown, Mrs. E. W. Brown, Mrs. L. W. Brown, Mrs. W. B. Brown, Mrs. W. T. Brown, Mrs. H. A. Bullard, Mrs. A. G. Burr, Mrs. L. W. POLITICS AND POLITICIANS.

Thirty-one states are to elect governors this year.

Five candidates are contesting for the governorship of Alabama.

Three hundred cities and towns of Illinois are to vote on the liquor question next month.

The Republican state ticket in Maine will be selected at a convention to be held in Augusta on April 9.

On April 7 the voters of New York will decide whether a convention shal be held to frame a new state constitution.

Twenty-three amendments, initiative and referendum measures will be voted on at the California election in November.

Congressman J. Thomas Heflin is the only Alabama representative who has no opposition for re-election in the primaries next month.

A special election will be held in the seventh district of New Jersey on April 7 to fill the vacancy caused by the death of Congressman Bremner.

Former Governor Myron T. Herrick, now ambassador at Paris, is mentioned as a possible candidate for governor of Ohio on the Republican ticket this year.

Lieutenant Governor Barratt O'Hara of Illinois is a candidate for the Democratic nomination for United States senator to succeed Lawreace Y. Sherman, Republican.

Socialists of North Dakota met in Grand Forks recently and nominated a full state ticket to be submitted to the voters at the general primaries to be held in June.

A. Caminetti, United States commissioner general of immigration, may decide to enter the contest for the Democratic nomination for governor of California.

Representative C. O. Lobeck may be opposed for the Democratic nomination in the second district of Nebraska by James C. Dahlman, the mayor of Omaha.

Michigan Democrats will renominate Governor Woodbridge N. Ferris, who is the first representative of their party to occupy the executive office in more than twenty years.

It is reported that the purpose of Theodore Douglas Robinson in going to Europe is to meet Col. Roosevelt and consult with him concerning the political situation in New York. Mr. Robinson is a nephew of the former president and chairman of the New York Progressive state committee.

Two candidates are in the field for the Republican nomination for governor of Michigan this year. They are Alexander J. Groesbeck, chairman of the state committee, and Frederick C. Mantindale, present secretary of state and a defeated candidate for the gubernatorial nomination two years ago.

Jeremiah D. Botkin, warden of the Kansas state penitentiary, is a candidate for the United Statts senate on the Democratic ticket. Senator Bristow seeks reelection and Charles Curtis, former senator, is contesting with him for the Republican nomination. Congressman Victor Murdock of the Eighth district is the choice of the Progessive party for the senatorship.

Office Holding
BY WALT MASON

A man holds office for a while, and bleeds and dies in flossy style, to save our bulwarks from decay, and then upon a fateful day he finds he is an also ran—the office job has dumped the man. And does he then gird up his loins, and say "I'll go and chase coins as in the sunny days gone by, ere I begin to oleed and die?" Ah no! He's done with useful toil; you will not see him till the soil, or curry down old Dobbin's legs, or search around to find the eggs. He will not plant the corn in May, or bale the fragrant, juicy hay, or paint the fence or prune the trees, or herd the humble bumble bees. The office germ is in his brain, and all your pleadings are in vain. He has no use for sweat-earned kale; he'll camp upon the party's trail, where all the dreary has-beens throng, and beg for handouts from the strong. He'd rather have same dinky job awarded by the "statesmen" mob than ornament his native town, by holding sane position down. You learn a lot of tricks and guile, you lose your grip on things worth while, to useful work you close your eye, when once you've learned to bleed and die.

"ROMANCE" IS SHELDON'S MASTERPIECE

Not other American playwright—not even the late Clyde Fitch, who wrote fifty plays in his brief lifetime—has shown such fecundity as the author of "Romance." He is Edward H. Sheldon of Chicago. He is still well under thirty years of age. His first play was not written until 1908. It was called "Salvation Nell" and, while it was heartily condemned by many critics, there was something in it which gripped those who found the most fault fault with it as drama.

Since then Sheldon has written "The Nigger," "The Princess Zim-Zim," "Egypt," "The High Road," and "Romance." Of them all, "Romance" has been by far the most successful. It ran all of last season in New York City, and for the best part of six months this season in Chicago. It will be acted here on this evening, March 4th in the Grand Opera House by a company specially organized by Charles Dillingham.

PREACHING AT ANTIOCH.

Elder Chas. D. Hougham of Chapin will preach at the Christian church at Antioch, northeast of Jacksonville, on Thursday evening of this week. Servicts begin at 7:30. The public cordially invited to be present. A number of former appointments have been cancelled on account of bad roads and inclement weather, but without something extraordinary should occur services will be held this week as announced. The sermon theme will probably be: "A Prosperous Church and the Secret of Its Growth." You will miss it if you miss it.

THREATENS GREATEST WAR IN BASEBALL

GILMORE INCENSED AT REPORTS OF ACTIONS OF OTHER LEAGUES

News That Blanding Has Rejoined Cleveland Club After Signing Federal Contract Causes President to Take Action—Federal Umpires Meet Today.

Chicago, March 3.—The greatest war of baseball history was threatened by President Gilmore of the Federal League today as the result of reports that the American and National Leagues were proselyting among the Federal's players.

News that Pitcher Blanding had rejoined the Cleveland Americans after having signed a Federal contract made President Gilmore decide to take action. Besides Blanding, Killifer, Williams and Baumgardner are players who, the Federals claimed, have violated contracts with the new league.

"If our contracts are no good, their contracts are no good and a player can disregard a contract with a club in organized baseball as easily as he can with ours," said Gilmore. "Therefore, if the National and American League clubs are trying to take our signed men away from us, we will take their's away.

"We have unlimited cash and the united support of all our club owners and backers. We can bid as high for the players as anybody.

"If the American and National Leagues ignore our contracts and fail to appreciate the spirit of sportsmanship we have shown, we will start the biggest of baseball wars. When it is over, the Federal League will have the stars of the old league and will be the strongest in the game."

The Federals' umpires meet tomorrow to discuss interpretation of the rules. Among the topics for discussion will be the infield fly rule, which is interpreted differently in the American and National Leagues. The Federal League's grandstand here will cost $219,000, according to the contract which was let tonight by President Weeghman of the local club.

Depart to Meet Tourists.

St. Louis, March 3.—Mordecia Brown, manager of the St. Louis Federal League baseball team and Walter Fritzch, financial agent for the local club departed for New York today to be on the dock when the ship carrying the world-touring baseball teams arrives Friday. Fritzsch and Brown it is understood here, aim to sign Lee Magee and Ivy Wingo, members of the St. Louis Nationals who made the world tour with the New York Nationals.

Leach Will Captain Cubs.

Tampa, Fla., March 3.—Outfield Tommy Leach will be the captain of the Chicago National Ball Club this year according to an announcement today. Leach acted as captain last year when John Evers was absent.

THE FREE TUITION QUESTION.

Editor Journal:—

I am very much interested in the article read in the Journal of last week concerning free tuition for country pupils who have passed the eighth grade work signed by a reader of the Journal. I should like to take him by the hand and say come again. His reasoning has the right ring. Men who have taken oath to support the law and organizing little mobs to defeat law without even giving it a trial are unworthy of the position they hold.

The principal objection to the law referred to so far as I have been able to find out, is the money question. You will hear men say an eighth grade education is sufficient, and if they pay high school tuition, why not pay for clothes and college education also Nonsense, every intelligent person knows colleges are on private plans, and high schools public, just the same as our district schools. I simply want to add this statement to the article written in the Journal of last week. It may be interesting to know there are 116 districts in the county and that the law provides a levy may be made of 1-1-2 per cent or $1.50 on $100 valuation. Our tax receipts for the last four or five years will show with few exceptions that the county districts of Morgan county are paying all the way from 14c to 95c on the $100 valuation. I think the 116 districts will average near 50c or 60c on the $100 valuation. Statistics show that about 2 per cent of the eighth grade students who have graduated, enter high school, and then tell me that our school tax will be burdensome. I do not ask you to take my word in this matter, look up your tax receipts. They will show for themselves. The man who places the dollar before the boy or girl who is seeking an education, is simply to be pitied and needs to go to school. Education used in the right way is better than money and fits the boy or girl not only for living here, but is next to religion and will fit them for life hereafter.

HONORS FOR GOETHELS.

New York, March 3.—Arrangements were completed today for the public presentation of the Civic Forum medal to Col. George W. Goethels in Carnegie hall tomorrow night. Because the building of the Panama canal is regarded as the greatest feat of engineering ever attempted by any man, there seemed to be only one opinion in regard to Col. Goethels as the person who should have the honor of receiving the first medal awarded by the Civic Forum for distinguished public service. Joseph H. Choate has accepted an invitation to preside at the presentation ceremonies and it is expected that Governor Glynn, Mayor Mitchel, Gen. Leonard Wood and a large number of other notables will be in attendance.

Mr. and Mrs. W. N. Phillips of the vicinity of Clark's Chapel were in the city yesterday.

H. T. Grey of Alexander was attending to business in the city yesterday.

DR. PRICE'S Cream Baking Powder

Its superiority is unquestioned
Its fame world-wide
Its use a protection and a guarantee against alum food

The low-grade powders are made from "alum," or "sodium aluminum sulphate," which is also alum, a mineral acid, which does not make the food healthful.

One pound of the low cost powders contains three ounces of alum, a mineral acid. Is it safe to put that on your pantry shelf along with cans of food ingredients?

Food baked with alum baking powders is found to contain a portion of the alum unchanged.

Read the ingredient clause of label on the can. Unless it shows cream of tartar don't use the powder.

How to Avoid Those Pains and Distress Which so Many Mothers Have Suffered.

It is a pity more women do not know of Mother's Friend. Here is a remedy that softens the muscles, enables them to expand without any strain upon the ligaments and enables women to go through maternity without pain, nausea, morning sickness or any of the dreaded symptoms so familiar to many mothers.

There is no foolish diet to harass the mind. The thoughts do not dwell upon pain and suffering, for all such are avoided. Thousands of women no longer resign themselves to the thought that sickness and distress are natural. They know better, for in Mother's Friend they have found a wonderful, penetrating remedy to banish all those dreaded experiences.

It is a subject every woman should be familiar with, and even though she may not require such a remedy, she will now and then meet some prospective mother to whom a word in time about Mother's Friend will come as a wonderful blessing. This famous remedy is sold by all druggists, and is only $1.00 a bottle. It is for external use only, and is really worth its weight in gold. Write to-day to the Bradfield Regulator Co., 127 Lamar Bldg., Atlanta, Ga., for a most valuable book.

There is a wealth of instruction and comfort to be derived in reading this little book. It is plainly written, just what every woman wants to know, and will be a splendid little textbook for guidance, not only for yourself, but will make you helpful to others. And, in the meantime, do not fail to get a bottle of Mother's Friend at the drug store, and thus fortify yourself against any and all pain and discomfort.

ANAEMIC SINCE CHILDHOOD

How Miss Holmes Regained Her Health.

If you are anaemic, you need more iron in your blood, and the telltale symptoms are a pale face—colorless lips, ashen finger nails, poor circulation, and short breath, and more serious diseases are easily contracted when in this condition.

What Vinol did for Miss Yvonne Holmes of Fall River, Mass., it will do for every anaemic run-down person. She says: "I have been weak and anaemic since childhood, always had 'that tired feeling.' Tonic after tonic was tried with little or no result until Vinol was recommended, and after taking three bottles, my appetite and digestion have been improved. I do not suffer any more from insomnia, nor do I have distressing headaches as formerly, and I am stronger than I have been for years."

We ask every anaemic or rundown, weak person in this vicinity to try a bottle of Vinol with the understanding that their money will be returned if it does not do all we claim. Lee P. Allcott, Druggist, Jacksonville, Illinios.

NEW MANAGER.

T. C. MacVicar of Chicago has come to the city to take charge of the Ayers National bank building, see to the renting of offices and look after the structure, heating, elevators and all that pertains to it. He is to take the place of Mr. Souther who has heretofore had the position.

Mr. MacVicar comes well recommended for the position having been for nine years in the employ of Jarvis Hunt, the architect of the Ayers building. He expects to make this city his home and have his family here in about two months.

GIRLS! DRAW A MOIST CLOTH THROUGH HAIR

Try This! Hair Gets Thick, Glossy, Wavy and Beautiful at once—Stops Falling Out.

Immediate?— Yes! Certain?—that's the joy of it. Your hair becomes light, wavy, fluffy, abundant and appears as soft, lustrous and beautiful as a young girl's after a Danderine hair cleanse. Just try this—moisten a cloth with a little Danderine and carefully draw it through your hair, taking one small strand at a time. This will cleanse the hair of dust, dirt or excessive oil, and in just a few moments you have doubled the beauty of your hair. A delightful surprise awaits those whose hair has been neglected or is scraggy, faded, dry, brittle or thin. Besides beautifying the hair, Danderine dissolves every particle of dandruff! cleanses, purifies and invigorates the scalp, forever stopping itching and falling hair, but what will please you most will be after a few week's use, when you see new hair—fine and downy at first—yes—but really new hair growing all over the scalp. If you care for pretty, soft hair, and lots of it, surely get a 25 cent bottle of Knowlton's Danderine from any drug store or toilet counter and just try it.—Adv.

STOCK EXCHANGE TRANSACTIONS ARE STILL ABNORMALLY SMALL

Financial District Has Not Recovered From Effects of Storm—None of eaders Move More Than a Fraction Either Way.

(By Associated Press.)
New York, March 3.—Stock exchange transactions today, while on a larger basis than yesterday were still abnormally small. The financial district had not recovered from the effects of the storm.
Movements of the important stocks were small and the undertone was good. None of the leaders moved a fraction above or below yesterday's close.
Sir Edward Grey's statement on Mexican affairs was construed favorably by the bulls and unfavorably by the bears and came to naught as a market factor.
London prices for American stocks were lower and there was a moderate amount of selling here for foreign account. The only important movements today were in a few of the less active shares.

SPECULATORS SELL WHEAT WITH GREATER DISPLAY OF COURAGE

Opinions by Crop Experts That Plant is Entering Spring With Best Promise in Years, Takes Attention Away From Advices of Damage.

Chicago, March 3.—Speculators sold wheat today with more courage than they have shown in some time. Opinions by crop experts that the plant is entering spring with the best promise in many years took attention away from scattering advices of damage.
The close was weak, ⅜@½c to ¾@⅞c under last night. Corn finished ⅝c to ½c down, oats off ⅜c@¾c and provisions varying from a shade decline to an advance of 5c.
Estimates that farm reserves are nearly 4,000,000 bushels larger than a year ago led to increased selling pressure on wheat during the last part of the day.
Corn suffered a bearish reaction as a result of the break in wheat and in consequence of figures showing that the stock here had greatly enlarged in the last week. Oats swayed with corn. A falling off in the visible supply was apparently ignored.
In provisions the large stocks were offset by the fact that hog receipts turned out unexpectedly small. Besides, the world's supply of lard failed to gain at a rate equal to that of the corresponding time a year ago.

RED LARGE PIMPLES ALL OVER FACE

Festered and Came to Head. Scratching Made Sores. Caused Disfigurement. Used Cuticura Soap and Ointment. Face Now Clear.

1413 E. Genessee Ave., Saginaw, Mich. — "Cuticura Soap and Ointment cured me of a very bad disease of the face without leaving a scar. Pimples broke out all over my face, red and large. They festered and came to a head. They itched and burned and caused me to scratch them and make sores. They said they were seed warts. At night I was restless from itching. When the barber would shave me my face would bleed terribly. Then scabs would form afterwards, then they would drop off and the so-called seed warts would come back again. They were on my face for about nine months and the trouble caused disfigurement while it lasted.

"One day I read in the paper of the Cuticura Soap and Ointment. I received a free sample of Cuticura Soap and Ointment and it was so much value to me that I bought a cake of Cuticura Soap and a box of Cuticura Ointment at the drug store. In about ten days my face began to heal up. I kept on using Cuticura Soap and Ointment and in a very short time after, the scabs dropped off the red spots where they were vanished also. My face is now clear of the warts and not a scar is left." (Signed) LeRoy C. O'Brien, May 12, 1913.

Cuticura Soap 25c. and Cuticura Ointment 50c. are sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

HARRIGANBROS

RAILROAD NOTES.

F. Cone, the new division superintendent of the Burlington road, was in the city yesterday getting acquainted with the men and the road. He was formerly assistant superintendent of the LaCrosse division of the same road and was promoted to his present position. His headquarters are at Beardstown.

Between midnight and ten a. m. yesterday, ten long trains of coal cars went north on the Burlington.

M. B. Lamb, trainmaster of the Burlington, was a recent visitor with local officials.

Yesterday morning Mr. Sappington had just completed loading a one horse wagon with coal in the Burlington yards when a train came along and frightened the horse, which ran away throwing the driver down and running into East State street and south on Hardin avenue. A lot of damage was done before the steed was captured.

A. F. Jones, who was at one time operator in the office of Oscar Weisenberg, board of trade man of this city, also for the Wabash for a while, is visiting friends here and his parents in Bushnell. He is now in the employ of the Canadian Pacific road in the far north.

C. M. Turley, second trick operator at block 107 on the Burlington, north of Arenzville, visited friends in the city yesterday.

Baggageman C. N. Strandberg is taking the place of brakeman on the C. P. & St. L. passenger run for the present.

J. H. Young, brakeman on the C. P. & St. L. passenger train, is taking the place of William Winchester, who is laid up.

William Winchester, the veteran C. P. & St. L. conductor, who suffered several broken ribs lately is doing as well as could be expected and hopes to resume his run in a few days.

The C. P. & St. L. road is favored with faithful and willing men. In order to keep things going all right, while Conductor Winchester is laid up, the station agent, A. E. Petterson, took the place of baggageman, C. N. Strandberg, who went on the passenger train as brakeman, through the illness of Conductor Winchester.

At the Car Shops.

A flat car being rebuilt partly holds the boards in the round house at present.

Fred Goes is lettering the tender of engine 61, and finds it rather airy work with not enough exercise to keep him warm.

Engine No. 50 is about ready to go out again. Her pilot shows the effect of the recent storm, considerable ice still adhering to the lower part of it.

Thomas Heaton is back in the shops again, after doing duty as extra engineer on the road.

The new cylinders for engine No. 45 are being put in place and the big machine will soon be about as good as new.

Henry Soueza, blacksmith, and Sellers, his helper, and Fred May, machinist, worked nearly all Monday night getting engine No. 31 in shape to go out and she went in apple pie order.

Charley Pires, one of the efficient men in the blacksmith shop, spent Sunday in Springfield, visiting his cousin, Mrs. Fred Boyer, who is sick at one of the hospitals there.

John Mackey, helper in the boiler shop, has resigned and is going to Kansas City.

J. E. Whitcomb, a boiler maker from St. Louis, has been added to the night force.

Fred Osterholt, a boiler maker, who has been with the shops for some time, has resigned.

Henry Dusseldorfer of Springfield has been visiting his sister, Mrs. Dorffler, wife of the foreman of the boiler shopp.

The boiler shop turned out a new smoke stack yesterday for the engine at the Pekin pumping station.

Six new pilots were finished and sent to Springfield to replace the ones which had been demolished by bucking the snowdrifts in the recent storm.

A new air compressor is being put in place and will serve both the boiler and blacksmith shops.

R. Dressendorfer has been changed from the night force in the boiler shop, to the day force.

Thomas McKinney, helper in the boiler shop, has returned to his duties after being laid up by illness.

Frank McKenna and Robert Brandor have gone to Pekin to make the regular monthly inspection of engine No. 2.

Passenger coach No. 50, is shining like a new silk hat in its fresh coat of paint and gold lettering. The men have surely done a good job on it and it will be a credit to the shops and especially the men in Mr. Buckley's department, at which the reporter hopes Moses Topping and his men will not be jealous.

Clarence Preston has been added to the labor gang.

The men all miss their master mechanic, Geo. M. Imgrund, more than a little, though from his sick bed he manages things remarkably well as reports are constantly brought him and he has the whole situation remarkably well in hand. Every man in the establishment is thoroughly loyal to him and will work his best to make things go well and show the officials what they can do with a leader guiding them from his bed. He is doing as well as can be expected and will be out in due time, but it will take lots of patience yet before he gets about as of old.

ATTENTION G. A. R

All members of Matt Starr Post 278, G. A. R., are requested to assemble at Reynolds' undertaking parlors at 1:30 sharp today to attend the funeral of Comrade George H. Sanford at Westminster church at two. Visiting comrades cordially invited to join.

John A. Schaub, Com.
C. E. McDougall, Adjutant.

DAVIS SWITCH.

No news from this neighborhood last week on account of no mail service since Saturday, the 21st, until last Friday, the 27th. The snow drifts were from five to six feet high and some a quarter of a mile long but the men in the neighborhood got busy and shoveled the big drifts off the highways and it is to be hoped no more such drifts will come to stop the mail carrier any way.

Mr. and Mrs. Ernest Harding have moved to the Thomas Doolin farm, southwest of the city.

Mrs. C. O. Winter, Mrs. George Barnhart and Mrs. Otto Grimmett were recent visitors at the home of Mr. and Mrs. Leach, south of the city.

The Unity Workers of the Woodson Presbyterian church met at the pleasant home of Mr. and Mrs. W. M. Nicol, in Woodson, Feb. 26, for an all day meeting. The ladies reilized quite a nice sum. After dinner a short business meeting was held. The next meeting will be with Mrs. William Russel for an all day meeting.

Miss Kathrine O'Mear is sure a plucky teacher, as she walked to her school, almost two miles, through the snow on last Tuesday morning.

Mr. and Mrs. Otto Grimmett spent Sunday with Mr. and Mrs. C. O. Winter.

S. M. Butler, George Barnhart, Ralph Reynolds asd J. P. Woulff were Saturday visitors in the city.

Rev. J. L. Coleman of Woodson has been quite sick, not able to be at church Sunday. A minister from Jacksonville preached in his place at the Presbyterian church.

George Cain has gone to Iowa an business.

Mr. and Mrs. C. O. Winter were Saturday visitors in the city.

Mrs. Porter Bell has been quite sick for several days, but is able to be out again.

The Pastime club met at the pleasant home of Mr. and Mrs. J. P. Crotty near Woodson last Thursday night and all report a nice time.

Mr. and Mrs. Charley Watson are moving to their new home near Ashland. Their many friends send good wishes with them.

YATESVILLE.

Gordon Farmer has moved his household goods to his home in Ashlasd. Steven Bingman goes into the house vacated by Mr. Farmer.

Edith Yancy visited her brother in Philadelphia two days last week. Luceta Stice visited Edith Yancy Saturday and Sunday of last week.

Mose Flinn and daughter, Ethel, visited Hendy Yancy Sunday.

Frankie McDaniel went to Ashland Saturday shopping.

Dr. Harris was called to Prentice Sunday to see one of the Lockett children.

Dr. Harris is better at htis writing.

Mrs. Mima visited in Beardstown several days last week.

SERIOUS CATARRH YIELDS TO HYOMEI

You Breathe It.

Be wise in time and use Hyomei at the first symptom of catarrh, such as frequent head colds, constant sniffling, raising of mucus, or dropings in the throat. Do not let the disease become deep-seated and you are in danger of a serious if not fatal ailment.

There is no other treatment for catarrh, head colds, etc., like the Hyomei method, none as good, so easy and pleasant to use, or that gives such quick, sure and lasting relief. You breathe it—no stomach dosing. Your money refunded if you are not benefited.

Try Hyomei at once and see how quickly it clears the head, stops the sniffling, and banishes catarrh. Hyomei helps you to enjoy good health. All druggists sell it. Ask for the complete outfit—$1.00.

Ah! How "Tiz" Helps Tired, Aching Feet

Nothing Like "TIZ" For Sore, Sweaty, Calloused Feet and Corns.

Ah! What relief. No more tired feet; no more burning feet; no more swollen, bad smelling, sweaty feet. No more soreness in corns, callouses, bunions.

No matter what ails your feet or what under the sun you've tried without getting relief, just use "TIZ." "TIZ" is the only remedy that draws out all the poisonous exudations which puff up the feet. "TIZ" cures your foot trouble so you'll never limp or draw up your face in pain. Your shoes won't seem tight and your feet will never, never hurt or get sore and swollen. Think of it, no more foot misery, no more agony from corns, callouses or bunions.

Get a 25 cent box at any drug store or department store and get instant relief. Wear smaller shoes. Just once try "TIZ." Get a whole year's foot comfort for only 25 cents. Think of it.

IF MEALS SOUR AND TURN INTO GAS, TAKE SODA

When everything we eat turns to gas and we eructate sour food and acrid fluids it means there is an excess of hydrochloric acid in the stomach, says a noted authority. This irritating acid retards the process of digestion and promotes food fermentation. Our meals sour in the stomach like garbage sours in a can, forming gases which inflate the stomach like a toy balloon, causing a heavy, lumpy misery in the chest, constant belching of gas, sour risings or heartburn, fullness and often nausea.

He tells us to lay aside all digestive aids and instead, get from any pharmacy a package of 10 grain Sodag n tablets and take one tablet anytime followed by a tumbler of water which will instantly neutralize acidity, stop food fermentation absorb the gases and sweeten the entire digestive system.

He further states that those troubled with chronic acidity should take one tablet regularly, an hour after meals for a while, as this simple antacid is entirely harmless, being composed of Soda, Magnesia and Calcium Carbonate U. S. P.—Adv.

MUSTEROLE Loosens Up Congestion From Colds

Just rub it briskly on the chest and throat tonight, and get the soothing relief this clean, white ointment, made with oil of mustard, gives.

The old-time mustard plaster used to blister, MUSTEROLE doesn't. That's why millions are now using it with such comforting results. It breaks up a cold quicker than any mustard plaster you ever saw.

Best for Sore Throat, Bronchitis, Tonsilitis, Croup, Stiff Neck, Asthma, Neuralgia, Headache, Congestion, Pleurisy, Rheumatism, Lumbago, Pains and Aches of the Back or Joints, Sprains, Sore Muscles, Bruises, Chilblains, Frosted Feet, Colds of the Chest (it prevents Pneumonia.)

At your druggist's, in 25c and 50c jars, and a special large hospital size for $2.50. Sold by druggists everywhere. Accept no substitute. If your druggist cannot supply you, send 25c or 50c to the MUSTEROLE Company, Cleveland, O., and we will mail you a jar, postage prepaid.

Miss M. Speers, Graduate Nurse St. Petersburg, Florida, says:

"I have found it excellent for everything that has anything to do with colds or rheumatic affections. I am a professional nurse and this product is better than any thing I ever saw."

WHITE HALL WOMAN DIES AS RESULT OF BURNS

Mrs. A. Q. Myers Caught Burning Match Head In Fold of Dress as She Started to Light a Gasoline Stove.

White Hall, Ill., March 3—(Special) Mrs. A. Q. Myers was frightfully burned at her home here this morning sustaining injuries from which she died during the afternoon. Mrs. Myers was preparing the family breakfast and started to light a gasoline stove. The match was broken in two and the head flew into a fold of her dress and ignited the material before she noticed it. In a moment she was enveloped in flames and before she could extinguish them herself or secure aid from other members of the family, she had been frightfully burned on various parts of the body.

Medical aid was quickly summoned and all that was possible was done to relieve Mrs. Myers and to save her life. These efforts failed, however, and about four o'clock she passed away, death due to the burns and to shock. The husband of the deceased is a foreman for the White Hall Sewer Pipe Company and the family is well known here. Mrs. Myers has been prominent in the Methodist church here, in the order of the Eastern Star and in various social organizations. She was fifty years of age and leaves a family of six children.

The family came here from Monmouth about ten years ago.

CENTENARY LADIES GIVE ENJOYABLE ENTERTAINMENT

The Ladies' Aid Society of Centenary M. E. church gave an entertainment Tuesday evening in the church parlors, consisting of a box social followed by a musical program and an old fashioned spelling bee. The affair was well attended considering the condition of the weather and everyone voted the occasion a most enjoyable one. When the guests had done justice to the delicious contents of the boxes, they were treated to music consisting of vocal and instrumental numbers after which, Henry Muehlhausen, the chairman of the evening, announced the contest in spelling. Sides were chosen by Henry Muehlhausen and Dr. R. R. Buckthorpe and the words were given out by Miss Florence Taylor. The better record was made by the side lead by Mr. Muehlhausen. Among the features of the program were several readings by Miss Jeanette Taylor, vocal solos by Miss Ruth Rapp and Miss Smith and instrumental music by Miss Smith and Miss Cox. Miss Clara Ranson presided at the piano.

COMMISSION DENIES CERTIFICATE TO BETHANY TELEPHONE COMPANY

SPRINGFIELD, Ills., March 3.—The state public utilities commission today held it against public policy for a city or village to grant a franchise to more than one telephone company where an already established company is giving adequate service at reasonable rates. For this reason it denied a certificate of convenience and necessity to the Bethany Mutual Telephone Company to build lines in Bethany, Ill., where the Macon County Telephone Company was already established.

CONFEREES REACH AGREEMENT

Washington, March 3.—Senate and house conferees agreed late today on all differences over the Alaskan railroad bill and a report will be submitted for final action in both houses probably tomorrow. The senate conferees yielded to the house amendments providing that the road should be financed out of the treasury instead of by a bond issue and that the maximum of expense should be $35,000,000 instead of $40,000,000.

J. M. HOLMES DIES; WAS GATES' LAWYER

Well Known Attorney and Graduate of Illinois College Expires in St. Louis—Known as Art Authority Disliked Big Fees.

Mention of the death of J. M. Holmes in St. Louis Saturday will be noted in another column of the Journal today. The St. Louis Globe Democrat in speaking of his passing away says:

"John Martin Holmes, one of the most distinguishes members of the St. Louis bar, died yesterday morning at his residence, 3860 Page avenue, after an illness of several months. He was 66 years old and was born in St. Louis. The funeral will take place at 2 o'clock this afternoon at the residence. The body will be cremated.

Among attorneys and judges he was regarded as an exceptionally brilliant lawyer, possessed of a clear sense of equity and devoid of any disposition to grasp big fees for his services, or cater to the patronage of wealthy clients. He was the senior member of the Holmes & Blair law firm, in the Pierce Building.

One of his close associates in the law said yesterday that Mr. Holmes never specialized in any particular branch of the law, although his practice was principally in commercial cases. One of the early cases in which he won distinction was the patent litigation which followed the manufacture of barbed wire. In a controversy over patents on this product in the early 80s, Holmes represented the late John W. Gates, the Simmons Hardware Company and numerous allied interests.

For many years Holmes devoted much of his time to the cases of other lawyers. He was known as a "lawyer's lawyer," and was frequently consulted by brother members of the profession.

Several overtures by large corporations were rejected by Holmes, who never cared for that kind of practice, and declined to accept a position that would confine his work to one employer.

Never Cared Much For Money.

"He never cared much for money," said his partner, Albert Blair, yesterday. "Ie recall that he once had a case involving an insurance settlement for a widow which he turned over to me because he had been called out of the city. I suggested that a moderate fee probably would be sufficient, and I'll never forget how Holmes replied: 'Don't charge the widow anything.'"

Mr. Holmes inherited his legal talent. John Holmes, the first United States senator from Maine, and a distinguished lawyer, was his grandfather's brother. This Holmes figured prominently in the famous Dartmouth College case in which Daniel Webster was engaged.

John Martin Holmes was a widower and is survived by three children, a son, Meston, who is a student in Princeton University; Miss Maud, a student in Bryn Mawr, and Miss Janet, who lived at home. Meston and Miss Maude came home when the condition of their father became critical.

Mr. Holmes attended an academy in Hillsboro, Ill., and was graduated from the Illinois College in Jacksonville in 1867. He kept his his studies all his life and was an authority on the classics and art as well as the law.

A. SLEYMAN TELLS OF RUGS AND RUG-MAKERS.

Profitable Talk at Public Library Regarding Subject of Great Interest.

The History and Manufacture of the rug of the Orient was the theme of an interesting discussion by A. Sleyman last evening at the Jacksonville public library. The subject as treated by the speaker was of great practical benefit to the housewife as Mr. Sleyman spoke of the care and proper treatment of the various rugs and gave some well put advice on their selection and purchase. The audience, though not large, was much interested and the charts an d exhibits of sample rugs were closely attended too.

Mr. Sleyman gave a short history of rug making and told of the different varieties made in the oriental countries of Cashmere, Turkey and Persia. Antique rugs, he said, have practically no value except as relics and modern rugs may be even better than the makes of olden time. Mr. Sleyman told how to judge the quality of a rug and described the method of testing for the use of aniline dyes.

Let Us Hatch 'Em Out for You!

The hatching season is now on and no doubt you will want some early chicks for frys, broilers or pullets for winter layers. If you want chicks we can supply any amount, but here is something better, you furnish the eggs and we will hatch them out for you at a very low price. By so doing you will not have to wait for the broody hen or fuss with an incubator. Our prices for hatching eggs are as follows:

50 Eggs or more ..... 3c per egg, $3.00 per 100
Less than 50 eggs ..... 4c per egg
Dnck eggs,..... $5.00 per 100, not less tnac 100 accepted

No discount on large orders, nor will we allow for infertiles or non-hatchable eggs. We use standard incubators and give the eggs the best of attention. If the eggs are hatchable we can insure a good hatch.
